

Completed Electrical Engineering Contracts

#	Contract Name & Location	Client	Scope of Work	Completed Date	Contract Value (SL Rs.)
1	Moragolla Hydropower Project Gampola	Ceylon Electricity Board	Design and Construction of resettlement village including houses and all Infrastructures	Mar - 2018	174,566,654.90
2	Construction of 230V 60 KW Hybrid Distributed Energy System in Eluvaithiu Island	Ceylon Electricity Board	Designing and Construction of Civil Works and Installation and commissioning of Electrical Works of 230V, 60kW Hybrid Energy System comprising of a 32kw diesel generator, six numbers of 3.5kw wind generators and 184 nos of PV panels with inverters, a 52kw energy storage system with Lithium-Ion battery modules and remote monitoring system	Feb -2016	47,237,163.00
3	Construction of Foundation of 33Kv Double Circuit Tower Line from Maho GSS to Ambanpola (9.6Km)	Ceylon Electricity Board	Construction of Survey & Foundation	Sept- 2015	41,957,840.00
4	Upper Kotmale Hydro Power Project Lot 04	Mitsubishi	Civil works for the Telecommunication System Earth works for grounding outside cabling Outdoor Switchyard	Jan-2013	20,803,113.00
5	Construction of 132/33Kv Grid Substation at Pallekale	Siemens	Designing, civil construction of Grid Substation with erection & mechanical works.	Mar-2014	172,025,028.07
6	Construction of 132/33Kv Grid Substation at Naula	Siemens	Designing, civil construction of Grid Substation with erection & mechanical works.	Mar-2014	145,666,955.21
7	Construction of 132/33Kv Grid Substation at Maho	Siemens	Designing, civil construction of Grid Substation with erection & mechanical works	Mar-2014	125,528,927.99
8	Construction of 33Kv D/C line from Katugastota to Jumbohapitiya	Ceylon Electricity Board	Construction of 33kv Tower foundation and Erection of 16 Nos Towers of 33Kv D/C line	Jul-2013	11,338,882.75
9	Construction of 4.5Km LYNX Conductor 33Kv D/C tower line from Ambalangoda GSS to Elpitiya gantry	Ceylon Electricity Board	Construction of 33Kv links conductors, tower foundation and tower erection.	Oct-2012	25,893,764.00
10	Construction of 33Kv DC double circuit tower line Hambantota GSS to new Mattala Airport	Ceylon Electricity Board	Construction of 33kv Tower foundation, Tower erection, stringing of conductors and earth wire	Nov-2011	16,609,837.00
11	Construction of Lynx Conductor 33KV four circuit Tower line from Hambantota port to Hambantota GSS	Ceylon Electricity Board	Construction of 33kv Tower foundation, Tower erection, stringing of conductors and earth wire	April-2012	39,790,743.50

Completed Electrical Engineering Contracts

#	Contract Name & Location	Client	Scope of Work	Completed Date	Contract Value (SL Rs.)
12	Dikkowita Fishery Harbor Sri Lanka- External Services Installation	BAM International	Electrical Cable, Water, Sewer Pipe laying through Buried cable trench	June-2011	7,858,694.08
13	Construction of a foundation for proposed Tower Location 199A at Malabe of existing Polpitiya - Kolonnawa 132Kv Transmission Line	Ceylon Electricity Board	Tower Foundation consisting of bored cast in-situ reinforced concrete end bearing piles at each foundation leg of TDL+12m Tower of existing Transmission Line	May-2011	6,436,390.00
14	Construction of Lynx Conductor 33Kv double circuit Tower Line from Ambalangoda Grid S/S to Magala	Ceylon Electricity Board	Construction of 33kv Tower foundation, Tower erection, stringing of conductors and earth wire	Nov-2011	41,406,605.00
15	132/33 kV Kotugoda Extension Project	ABB AG	Civil works including designs and erection works	Mar-2011	46,000,000.00
16	Colombo City Electricity Distribution Development Project Kalanitissa substation Package A	ABB AG	Construction of Civil Works and designs grid substations and electrical and mechanical works	Mar-2011	144,299,252.23.
17	Colombo City Electricity Distribution Development Project Control Center Package D	Siemens	Construction of Five story RCC building with RCC pile foundation, brick walls, Finishes, earthworks, plumbing and storm water disposal system, electrical works, Fire detection and Protection system, Supply & installation of lifts and Mechanical ventilation system, Air Conditioning system, telephone installations, MATV, CCTV system, Waste Water treatment plant, Garbage system, internal roads landscaping works. Gross floor area: 2500 m ² (Including Roof Terrace)	Nov-2010	199,828,070.97
18	Colombo City Electricity Distribution Development Project Kalanitissa substation Package A	ABB AG	Construction of Civil Works and designs grid substations and electrical and mechanical works	Mar-2011	144,299,252.23.

Completed Electrical Engineering Contracts

#	Contract Name & Location	Client	Scope of Work	Completed Date	Contract Value (SL Rs.)
19	Colombo City Electricity Distribution Development Project Control Center Package D	Siemens	Construction of Five storey RCC building with RCC pile foundation, brick walls, Finishes, earthworks, plumbing and storm water disposal system, electrical works, Fire detection and Protection system, Supply & installation of lifts and Mechanical ventilation system, Air Conditioning system, telephone installations, MATV, CCTV system, Waste Water treatment plant, Garbage system, internal roads landscaping works. Gross floor area: 2500 m ² (Including Roof Terrace)	Nov-2010	199,828,070.97
20	Electrical installation of Kerawalapitiya - Kotugoda Transmission Project LOT A	DIMO	Construction of Electrical Installation for Kotugoda switch yard	Mar-2009	25,000,000.00
21	Kerawalapitiya / Kotugoda Grid Substation Project - Lot A at Kerawalapitiya & Kotugoda	Siemens	Designing and construction of civil works of the Grid Substation and installation and commissioning of electrical works	Mar-2010	378,139,540.00
22	Grater Colombo Grid Substation Project Lot A	ABB	132/33kv Grid Substation at Maradana Havelock Town and Jayawardanapura	Jun-2006	178,520,000.00
23	U.G. Cable Laying	LECO	Construction of 132 kV under ground cable laying work	Aug-2004	1,521,540.00
24	Optical Fiber cable at Kelanitissa power station - CMN/IND/DB/2003/01	Ceylon Electricity Board	Laying of fibre optic cable and termination works with material	Jul-2004	1,278,815.00
25	Design & construction of TSDP - 2. Matara 33 kV Sub-station	Alstom T&D Systems Ltd	Design & construction of civil works including foundations of TSDP - 2. Matara 33 kV Sub-station.	Jul-2004	4,662,138.34
26	Construction of electricity schemes under Deepaloka Electrification Programme.	Ceylon Electricity Board	Construction of electrical distribution Lines.	Jul-2004	1,972,546.00
27	Transmission line tower at Valachchenei	Ceylon Electricity Board	Construction of 132 KV transmission line tower at Valachchenei	Feb-2004	4,552,500.00
28	Installation, project management, commissioning and subsequent maintenance of the campus copper network at Sri Lanka airlines limited, BIA Katunayake	Sri Lanka Air Lines	Installation, project management, commissioning and subsequent maintenance of the campus copper network at Sri Lanka airlines limited, BIA Katunayake	Aug-2003	6,500,000.00

Completed Electrical Engineering Contracts

#	Contract Name & Location	Client	Scope of Work	Completed Date	Contract Value (SL Rs.)
29	Contract for 132 kV UG cable laying	LECO	132 kV UG cable laying along the parliament road	Oct-2003	599,441.00
30	Kukule Ganga hydro power project lot 4.2 - Matugama	VA TECH HYDRO Gmbh & Co / CEB	Construction of 132/33 grid substations & electrical erection works and switch yard	Jul-2003	66,924,814.53
31	Pre-fabrication and installation of the caution plates for 220 KV Cable - Contract No. 246-030328	Colombo Power Pvt Ltd	Pre-fabrication and installation of the caution plates for 220 KV cable	Jul-2003	775,000.00
32	Construction of 132KV transmission line from Kelaniya to Sapugaskanda under the transmission project - (Package D) - KSTL - Kelaniya to Sapugaskanda	Ceylon Electricity Board	Dismantling of existing 132kv transmission line, erection of new tower foundation and erection of towers from kelaniya to Sapugaskanda	Aug-2003	22,404,555.00
33	Construction of 132KV transmission line from Kolonnawa to Kelaniya under the transmission project - (Package C) KKSTL Kolonnawa to Kelaniya	Ceylon Electricity Board	Dismantling of existing 132kv transmission line, erection of new tower foundation and erection of towers from kolonnawa to kelaniya	Aug-2003	30,359,905.91
34	Transmission and substation development project 1 - ABB - Pannipitiya	ABB	Construction of 132kv roads, fence, foundations, cable trenches, earth works & landscaping	Mar-2003	7,022,148.89
35	Transmission and substation development project 1 - ABB - Kolonnawa	ABB	Construction of 132kv roads, fence, foundations, cable trenches, earth works & landscaping	Mar-2003	16,168,392.43
36	Construction of foundation for 31.5 MVA (65 Ton) transformer at Wimlasurendra gird substation	Ceylon Electricity Board	Construction of a transformer foundation	Nov-2002	1,478,593.68
37	LECO Kotte project Maharagama, Kolonnawa, Pitakotte MGC 30 CCC02 KLC 30 CCC02 MGC 30 CCC02 PKC 30 CCC02	LECO	Laying of 33Kv,11Kv cable & 11Kv UG Cable and HV Interconnector - UG cable	Aug -2002	497,224.00

Completed Electrical Engineering Contracts

#	Contract Name & Location	Client	Scope of Work	Completed Date	Contract Value (SL Rs.)
38	Construction of Wind Farm on turnkey basis at kalpitiya peninsula (Preliminary works - phase 01) Kalpitiya peninsula	N.E.G. Micon	Preliminary survey, profile survey, carrying out site survey for turbine side road trace & building site, submission of environmental impact analysis.	Jul-2002	2,477,325.00
39	Transmission & substation development Project1 - ABB - Pannipitiya. Pannipitiya TSDP1 - ABB / Pannipitiya	ABB AG	Construction of 132/33kv transformer foundation.	Mar-2002	7,500,000.00
40	Transmission & substation development project 1 - ABB - Kolonnawa. Kolonnawa TSDP1 - ABB / Kolonnawa	ABB AG	Construction of 132/33kv transformer foundation.	Mar-2002	7,500,000.00
41	Rehabilitation & construction of 33kV& 11kV medium voltage distribution network. Makkanigoda 440-30/3211/MAT/01/4134	Ceylon Electricity Board	Rehabilitation & construction of 3 phase / 33kV lines using 9m, 10m, 11m & 13m poles and provision of new connections.	Dec-2001	745,927.43
42	Rehabilitation & construction of 33kV& 11kV medium voltage distribution network at Ambepussa camp 440-30/3211/MAT/01/4133	Ceylon Electricity Board	Rehabilitation & construction of 3 phase / 33kV lines using 9m, 10m, 11m & 13m poles and provision of new connections.	Dec-2001	137,125.66
43	Rehabilitation & construction of 33kV& 11kV medium voltage distribution network. Koshena area 440-30/3211/MAT/01/4132	Ceylon Electricity Board	Rehabilitation & construction of 3 phase / 33kV lines using 9m, 10m, 11m & 13m poles and provision of new connections.	Dec-2001	1,606,952.79
44	Leco - Kotte - special project. Meetotamulla.	LECO	Lying of 11kV power cables.	Sep-2001	852,486.00
45	Construction of 33kV lines. (Double circuit lynx conductor) All Regions	Ceylon Electricity Board	Construction of 33kV lines using 13m poles.	Apr-2001	673,325.00
46	Government Project - Madiwela. (New President House) Madiwela.	LECO	Lying of 11kV underground power cable.	May-2001	315,996.00

Completed Electrical Engineering Contracts

#	Contract Name & Location	Client	Scope of Work	Completed Date	Contract Value (SL Rs.)
47	Hambantota grid substation project. Hambantota, Embilipitiya	Ceylon Electricity Board	Construction of 132/33kv Grid Substation, Building construction and all mechanical & electrical works.	Aug-2001	20,177,500.00
48	Construction of 11kV-33kV medium voltage distribution. Kadawatha	Ceylon Electricity Board	Conversion of 40Kms of 11kV to 33kV Medium Voltage Distribution Lines on 11m Concrete Poles.	Aug-2001	3,935,521.00
49	Rehabilitation & construction of 33kV& 11kV medium voltage distribution network. Dehiwala to Kiribathgoda	Ceylon Electricity Board	Rehabilitation & construction of 3 phase / 33kV lines using 9m, 10m, 11m & 13m poles and provision of new connections.	Sep-2001	935,467.00
50	60MW BMPP Sri Lanka, 220kV Cable Project. Colombo Port to Kelanitissa Power Station.	Ceylon Electricity Board	Construction of Civil Work & lying of 220kV power cables and assisting for cable jointing.	Jan-2000	42,000,000.00
51	Lying of underground Power Cables. Maharagama, Nugegoda, Kolonnawa, Dalugama & Wattala.	LECO	Lying of underground, 11kV & 33kV power cables jointing, termination & testing.	Oct 2000	8,804,955.99
52	Rehabilitation & construction of 33kV& 11kV medium voltage distribution network. North Western Province.	Ceylon Electricity Board	Rehabilitation & construction of 3 phase / 33kV lines using 9m, 10m, 11m & 13m poles and provision of new connections.	Dec-2000	2,766,726.67
53	Rehabilitation & construction of 33kV & 11kV medium voltage distribution network. South Western Province.	Ceylon Electricity Board	Rehabilitation & construction of 3 phase / 33kV lines using 9m, 10m, 11m & 13m poles and provision of new connections.	Dec-2000	1,624,732.50
54	Colombo City Electricity Project. Colombo.	Ceylon Electricity Board	Laying of High Tension, Low Tension Underground Cables.	Dec-2000	Payments are based on Unit Rates.
55	Rehabilitation & construction of 33kV& 11kV medium voltage distribution network. North Western Province.	Ceylon Electricity Board	Rehabilitation & construction of 3 phase / 33kV lines using 9m, 10m, 11m & 13m poles and provision of new connections.	Dec-1999	703,669.97
56	Rehabilitation & construction of 33kV& 11kV medium voltage. South Western Province.	Ceylon Electricity Board	Rehabilitation & construction of 3 phase / 33kV lines using 9m, 10m, 11m & 13m poles and provision of new connections.	Dec-1999	1,376,026.99

Completed Electrical Engineering Contracts

#	Contract Name & Location	Client	Scope of Work	Completed Date	Contract Value (SL Rs.)
57	Construction of Microwave Antenna Tower. Maradana - Colombo.	Sri Lanka Air Force	Supply & Installation of Towers. Soil Investigations, Construction of Tower Foundation & Erection of Self-Supporting Tower.	Dec-1999	4,847,263.05
58	Construction of 11kV-33kV Medium Voltage Distribution. Kadawatha.	Ceylon Electricity Board	Conversion of 40Kms of 11kV Medium Voltage Distribution Lines to 33kV Medium Voltage Distribution Lines on 11m Concrete Poles.	July-1998	Payments are done on work order basis
59	Rehabilitation & construction of 33kV & 11kV medium voltage distribution network. South Western Province.	Ceylon Electricity Board	Rehabilitation & construction of 3 phase / 33kV lines using 9m, 10m, 11m & 13m poles and provision of new connections.	Dec-1998	1,121,206.92
60	Rehabilitation & construction of 33kV & 11kV medium voltage distribution network.	Ceylon Electricity Board	Rehabilitation & construction of 3 phase / 33kV lines using 9m, 10m, 11m & 13m poles and provision of new connections.	Dec-1998	218,963.37
61	Construction of Self-Supporting Towers.	Lanka Bell	Soil Investigations, Construction of Tower Foundation & Erection of Self-Supporting Transmission Networks.	Sep-1997	1,905,255.50
62	Rehabilitation & construction of 33kV & 11kV medium voltage distribution network. North Western Province.	Ceylon Electricity Board	Rehabilitation & construction of 3 phase / 33kV lines using 9m, 10m, 11m & 13m poles and provision of new connections.	Dec-1997	4,027,606.85
63	Construction of 33kV Transmission Lines in Western Province North. Gampaha.	Ceylon Electricity Board	Erection of Medium Voltage & Low Voltage Distribution Lines in Medium Voltage Distribution Network. Erection of app. 20Kms of 33kV Transmission lines on Steel & Concrete Supports.	Dec-1997	6,707,789.07
64	Construction of exchange building & tower erection project. Ratnapura, Avissawela, Galle, Kandy, Colombo & Nittambuwa.	Sri Lanka Telecom	Soil Investigations, Construction of Tower Foundation & Erection of Self-Supporting Towers & Guyed Masts for the Transmission Networks.	Oct-1996	11,915,090.63

Completed Electrical Engineering Contracts

#	Contract Name & Location	Client	Scope of Work	Completed Date	Contract Value (SL Rs.)
65	Tower design, manufacturing, installation & approval. (SEC-950411-A) Swami Rock, Nilaweli, Kanthale, China Bay, Mattur, Kinniya, Kuchaweli, Pulmudai, Siripura, Gomarankadawala, Punkulan, Tampalagama, Kiliveddi, Toppur & Seruwawila.	Sri Lanka Telecom	Supply & Installation of Towers on Turn-Key Basis. Soil Investigations, Construction of Tower Foundation & Erection of Self-supporting Towers & Guyed Masts for the Transmission Networks.	Jan-1996	13,886,000.00
66	Construction of Foundation & Tower Erection Project. Matara, Hakmana, Deniyaya, Akuressa, Mawarala, Dikwella Weligama, Urubokka, Telijjawila & Kamburupitiya.	Sri Lanka Telecom	Soil Investigations, Construction of Tower Foundation & Erection of self-supporting Towers & Guyed Masts for the Transmission Networks.	Jan-1996	16,840,000.00
67	Secondary town, power distribution & rehabilitation project – phase II. Galle.	LECO	Conversion and Rehabilitation of 11kv & 33kv Transmission Lines in Galle.	Jan-1993	5,187,620.80
68	Secondary town, power distribution & rehabilitation project – phase II. Kalutara.	LECO	Conversion and Rehabilitation of 11kv Transmission lines in Kalutara. Drawing of High & Low Voltage Bare & Bundled Conductors.	Aug-1992	6,820,374.10
